

WILL UNVEIL TABLET AT BELL TAVERN SITE

Famous Building Was Used as Recruiting Station During War of 1812.

STUART WILL MAKE ADDRESS

Tablet Will Be Unveiled by Anne Faulkner Johnson and John Crutchfield Goddin, and Will Be Accepted by Mayor Ainslie.

Anne Faulkner Johnson

John Crutchfield Goddin

Under the auspices of the Dorothea Payne Madison Chapter, National Society United States Daughters of 1812, a tablet marking the site of the old Bell Tavern, used as a recruiting station during the second war against England, will be unveiled on Friday with appropriate exercises. The unveiling will be done by Miss Anne Faulkner Johnson, daughter of Dr. and Mrs. Thomas Cary Johnson and a great-granddaughter of Major James Faulkner, Virginia hero at Crater, and Master John Crutchfield Goddin, son of Mr. and Mrs. Aylett Goddin and a descendant of Major Crutchfield, another well-known officer of that war.

The tablet has been erected on the retaining wall of the Chesapeake and Ohio Railway Station, Fifteenth and Main Streets. Here the old Bell Tavern stood when Governor Harbort was called upon to raise Virginia's quota for the defense of the nation. The committee in charge of locating the sites of these historic places consists of Miss Katherine Evans and Mrs. Henry Spiller Kelley.

At the unveiling Governor Stuart will be the principal speaker. The tablet will be presented by Mrs. LeRoy Brown. Invocation will be pronounced by Rev. J. Calvin Stewart, D. D., and the benediction by Rev. J. Yates Downman. Mayor Ainslie will receive the tablet on behalf of the city.

The committee in charge of the event is as follows: Mrs. G. T. W. Kern (chairman), Mrs. Thomas S. Bocock, Mrs. LeRoy Brown and Mrs. Benjamin J. Taylor.

DESPERATE FUGITIVE TAKEN BY DETECTIVES

[Special to The Times-Dispatch.] PETERSBURG, VA., November 28.—Moses Johnson, a colored convict who escaped from the road force working in Brunswick County on Thursday night, was captured to-night by Detectives Hanes and Aldridge, on Harrison Street. Johnson, who was serving a second conviction for a felony from Farmville, is a desperate criminal. When he made his escape from the camp he stole a mule, which he left at Emporia, and went to Richmond. He came back to Petersburg last night, and the police have been after him since he came to this city. To-night he was located, and when approached by the detectives he drew a pistol, and but for their quick action would have killed either one or both. He was quickly overpowered and the pistol taken from him. When searched at the police station \$55 in money was found on his person. Johnson told the detectives that he certainly would have shot them before he would have allowed himself to be captured if he had known that they were detectives.

MRS. DODGE OPPOSES SUFFRAGE PROPOSALS

Addresses Letter to President Wilson Setting Out Arguments Against Their Views.

WASHINGTON, November 28.—In protest against the request of woman suffrage leaders for another audience with President Wilson, to ask his support for a constitutional suffrage amendment, Mrs. Arthur M. Dodge, president of the National Association Opposed to Woman Suffrage, addressed a letter to the President to-day, setting out arguments against the proposals of the suffragists.

Mrs. Dodge wrote that the attempt to get popular indorsement of suffrage at the last election was a dismal failure. "In the name of 20,000,000 women in America who are not suffragists," she protested against national legislation that would nullify the expressed will of the majority of men and women in the separate States to decide this issue according to their constitutional provisions.

"The 'black list' against Senators and Congressmen who support a suffrage amendment," wrote Mrs. Dodge, "the 'war on Democrats' another."

Mrs. Dodge declared that taking figures presented to the credentials committee of the recent suffrage convention in Nashville, there were less than 200,000 women suffragists in the United States, "less than 1 per cent of the 24,655,754 male citizens in America," she sent extensive statistics to show that a great majority of women do not want the ballot.

President Wilson, at previous audiences given suffragists, has constantly reiterated that the question should be settled by State and not by national action.

TO SETTLE DIFFERENCES BETWEEN ROADS AND MEN

Federal Board of Mediation and Conciliation Will Begin Hearings in Chicago on Monday.

CHICAGO, November 28.—The difference of ninety-eight Western railroads with 55,000 employees will be taken up Monday by the Federal Board of Mediation and Conciliation.

Some eyes of railroad and labor men throughout the country will be turned upon the hearing, brought by the intervention of President Wilson last spring after the men and their employers had failed to agree.

The men will be represented by a committee of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen. A conference committee of managers will represent the roads.

The arbitration was arranged under the Newlands law. Ninety days are allowed, and ten days additional for the delivery of an award. The arbitrators are W. L. Park, vice-president of the Illinois Central, and H. E. Hyram, vice-president of the Burlington road, selected by the railroads; F. A.

TEXAS MAY BID FOR TAFT

Governor Colquitt Suggests Him for President of State University.

[Special to The Times-Dispatch.] HOUSTON, TEXAS, November 28.—Governor Colquitt announced to-day that he had suggested the name of ex-President Taft for president of the State university, adding that he was using all his influence to have the offer made to Mr. Taft.

Members of the committee having the matter in charge seem favorably disposed, and it is practically certain that the ex-President will have the refusal of the place. President Mezes, of the State university, caused the vacant when he resigned to become president of the City College of New York.

When Mr. Taft visited Texas last he intimated he would like to live in this State. His brother has a large ranch and packing-house at Taft, Texas. The ex-President has many friends in Texas, and they are all eager for him to come here as president of the university. The president of the university receives \$5,000 a year, but the salary is to be raised to \$7,500. Even more than that probably will be paid if Mr. Taft accepts the position. All attempts to get an expression by wire from him have failed.

LATEST MRS EARLE ASKS FOR ABSOLUTE DIVORCE

In Deposition, Made in England, Accused Husband of Improper Conduct Toward Various Women.

[Special to The Times-Dispatch.] NYACK, N. Y., November 28.—Ferdinand Finney Earle, widely known because of his various experiences in seducing soulmates, came before Justice A. S. Tompkins in Nyack to-day as the defendant in a suit for absolute divorce brought by his latest wife, Helen Theodora Siford Earle.

Mr. Earle made no denial of the charges submitted by counsel for his wife, who is now in England, but directed his efforts toward keeping down the amount to be determined by the court as alimony, and to retain the custody of his children.

Mrs. Earle's testimony was presented in a long deposition made by her in England. In this deposition she tells of her first acquaintance with Earle. She says she was married to him on June 16, 1911.

She was then twenty-one years of age, while Earle was thirty-three. She met him, she says, through his coming to see her mother, Mrs. Siford, to engage a room while he was attending special lectures in Oxford. Earle saw some of her drawings, and in a subsequent interview asked to see her. She was an artist at that time, and was preparing herself to be an instructor. Earle had taken a studio in Oxford, and offered to give her instructions in her work, and she accepted his offer. Finally, Mrs. Earle says, she accepted his offer of marriage, knowing nothing of his past history or reputation.

"He told me he had been married before," she says in her deposition, "that he had been rushed into marriage with a French girl when he was a mere boy, which marriage was dissolved by mutual consent."

Some time after their marriage, continues Mrs. Earle, they went to Europe, and she for the first time learned that Earle had had a notorious matrimonial career. They came to America and lived at Earle's home at Monroe, Orange County, in 1912 and that her husband's attention was attracted by a young woman, and after a time her husband grew cool toward her. He wrote her a letter she says, in which he said he passionately loved the other woman, and that his affection for his wife was only that of a brother toward a sister. In her complaint Mrs. Earle accuses her husband of improper conduct toward various other women, whose names she does not mention, and asks the court for an absolute divorce.

EARLY ARREST EXPECTED IN BOGGS MURDER CASE

Police and Detectives Assert There Have Been Recent Important Developments.

MIAMI, FLA., November 28.—Authorities investigating the mysterious murder near here last Wednesday of A. A. Boggs, a prominent Florida lawyer, and his eighteen-year-old daughter, Marjorie, whose bodies were found in the ashes of their country home, announced to-day that they expected one or more arrests in connection with the case within thirty-six hours. Police and detectives, including a government Secret Service agent who is in Miami clearing up the murder mystery, assert that there have been important developments in the case which they declined to disclose.

The coroner's inquiry was adjourned to-day subject to call. Members of the jury said that no verdict had been reached. None of the jurors would discuss the nature of the evidence introduced, but it was intimated here to-night that nothing new had been disclosed by the police or county officials that would support the theory of murder and arson.

The funeral of Mr. Boggs and his daughter will be held here to-morrow. Mrs. Boggs and her son, Ellison, arrived here from New York to-day.
